F M F CONFERENCE TO FEATURE BRYAN ALUMNI

SPORTS in the Spot Light

Liaht Bell leads Bryan to victory with his fast jump and accurate shot

A winning basketball team this year has given the college some nation-wide publicity. The leading scorer, LeBron Bell, averaged 35.4 points in the first eight games to rank him as top scoring star among small colleges according to statistics compiled by the NCAA Service Bureau.

The team is coached by Jim Voight, a graduate of Austin Peay State College, who is new at Bryan this year.

Leading forward LeBron Bell is a sophomore from Red Bank, Tenn. He ranks high also on the Dean's List for the mid-semester grading period and he maintains an active participation in teaching Sunday school in his home church at Red Bank. He is married and has a nine-month-old daughter.

Overheard in downtown Dayton, "Say, have you seen one of the Bryan basketball games? Those fellows are really playing a sharp game." Or, "I haven't missed one of the Bryan games yet. They are really good!"

1960-61 PROJECT PROGRESS

The annual spring Foreign Missions Fellowship conference sponsored by the students at Bryan is scheduled for March 2-5, Thursday through Sunday. Alumni missionaries on furlough are being invited to speak and to share the time of fellowship with students and staff.

It is planned that the missionaries will be available to speak in area churches at the services on Sunday and townspersons will also be invited to attend the conference sessions on Bryan Hill.

The missionary program is scheduled to begin Thursday night and continue with chapel and evening service on Friday, displays and workshop on Saturday afternoon and a missionary film in the evening. The final service at which the missionary pledges will be taken is planned for Sunday afternoon.

All alumni members are welcome to attend the conference, and alumni missionaries are urged especially to be on hand. Any missionaries who have not been personally contacted already should make their availability known to the Alumni Office.

With alumni rallying to the aid of the college for the Gifts for the King offering in December, alumni gifts thus far this year total $729 (November-December). However, it is plain to see that our monthly average put us on thin ice if we expect to meet our anticipated goal of $8,500 for this year.

STOP for a moment. . .THINK. . .PLAN your alumni giving for 1961. Choose your preferred investment from the accompanying folder.

Remember, your gifts to the Bryan College Alumni Association are deductible on your income tax report.

My name's Mark Dow; my folks are LESTER and MARY (GRAYDON). We live at Wheaton so my Dad can finish work on his M.A. He works at Scripture Press, too and directs a choir in Elgin. My Mom teaches French at Wheaton Academy. Hmmm, wish I could talk in any language, but here's what I heard some of the other 1958 graduates are doing:

GAYLE RYLE continues with his Greek major at Dallas Seminary and works at a freight dock at night. Gregg was born on July 1, which is mama CHARLENE'S birthday, and that makes Roddy the big brother. MIDGE PERDUE is back at Dallas after assisting for the summer in the pastorate of the City Bible Center of Charleston, W. Va. His wife, Verna, continues to nurse at Baylor Hospital. RONALD CHADWICK is in his third year at Dallas Seminary and SALLY works as a legal stenographer. SALLY CHADWICK and CHARLENE RYLE have a Bible club in the Trailer Court where they live.

RONALD LATTA is in his second year at Westminster Seminary; he and NOIA (JAHNKE) are enjoying life in Philadelphia. JOEY (HUGHES) KAISEN is a Fuller Seminary wife to her husband, Wenda, a second-year student. She is an editorial assistant in the Vacation Bible School Dept. of Gospel Light Publications.

STANLEY MICHALSKI is in market research business, teaching a Chinese Sunday school class, and courting a "wonderful girl." LEWIS SCHOETTLE expects to finish M.A. requirements at the University of Chattanooga in January then return to Miami to teach. EILEEN (HARTZELL) QUINN is a substitute teacher and Jim is principal of an elementary school in Butler. Both are busy in church work also. BARBARA (RIDER) ROSS keeps the home fires burning, with the aid of Linda Lee, who is now six months old, while LARRY '62 works in East Chicago.

LAURENCE LUARD recently became pastor of the Montrose (Mich.) Baptist Church. EVELYN PATTERSON is teaching 26 second graders in Jacksonville, Fla., and see the wedding notes. MAUREEN HAY is teaching at Boyertown, Pa. and frequently sees PEGGY McCARTNEY '59 who is in Philadelphia this year. JACK GRAMMAR and MYRNA (GIBSON '61) attended Emmaus Bible School in Oak Park, Ill., were married, have a little "angel," Deborah Dawn, and live in Macon, Ga.

RACHEL O'MERA is an accepted candidate for Alaska with the Slavic Gospel Association and BONNIE PRATT is office secretary for TEAM in Chicago.
Dalmain '50 and Audrey Congdon and Deborah sailed for South Africa on July 1. with TEAM.

John '54 and Joyce (Johnson '54) Rathbun expect to begin deputation work in March in preparation for going to Korea under The Evangelical Alliance Mission. They hope to leave for the field by September. They have been attending Indiana University in anticipation of establishing a Bible school in Korea.

Cuba News

Clifford '51 and Ruth Hanham, missionaries to Cuba, did not return this fall but have been studying Spanish at the University of Iowa. Fellow missionaries had to leave Cuba and all the mission property which was immediately occupied by the army of the revolutionary government. Later the property was turned over to local Christians who are seeking to continue the ministry. Pray for them!

Brazil Advance

Mary (Barth '55) and Robert '54 Lehnhart are now located in Buriti, Mato Gross, Brazil, to assist the Wycliffe Bible Translators and the South American Indian Mission reach the Indians of the area. Bob is flying a Cessna 180, the first plane purchased with the gifts given to the "Nate Saint Memorial Fund." The Lehnharts have two children, Kathy and Gary.

Sandra Cue '55, Waica Station, Brazil, was planning to spend Christmas with the Lehnharts to renew fellowship of college days.

Dale '54 and Martha (Sheffield '55) Payne, missionaries with Assoc. of Baptists for World Evangelism, entered the Amazon Valley in January 1960. Dale built their 17-foot boat powered by an outboard motor, and the Paynes began work in the river town of Santo Antonio do Ica in May. Between 200 and 300 Indians attend services in a thatched roof church where Dale preaches in Portuguese which is interpreted into the Ticuna language. The Brazilians meet in the Paynes' home for three services each week when about 20 or 30 attend.

Albert '60 and Gertrude '59 Landis who have both completed college work during an extended furlough from Chile, expect to return to Santiago in January. They leave Miami by air on Jan. 17 for Panama, where they take an English ship, REINA DEL MAR for Valparaiso, Chile. Their three sons remain in the states to continue in school.

Ralph '37 and Rebecca (Naeger '38) Toliver are due to sail from Los Angeles, Cal., on Feb. 28 for the Philippines for another three years. Their five children will live at the Mission home in Ivyland, Pa.

Graced (Theobald x'46) and Clare McGill left Vancouver aboard the MIDANA MARU in August and were scheduled to arrive in Taiwan by Sept. 1. They request prayer for informants and helpers to aid them in continuing to analyze the Tayal language and to produce more materials.

Africa Reports

Bruce '47 and Wilma (Walker x'49) Rosenau sent a 1960 report along with their Christmas greetings from Africa. Bruce's father, who completed nearly 40 years of missionary service, was called home to be with the Lord from the field in August. Oct. 27 was the happy day when Carol Elizabeth joined the Rosenau family, which includes big sister, Judy. Church attendance at Fort Sibut station is about 700; during 1960 there were 306 baptisms and still more professions of faith. Eugene '44 and Earlene (Healan '44) Rosenau also share in the work on this station.

Albert '44 and Gwendolyn (Hawley '45) Wyllie with their three children plan to leave Kano, Nigeria, on June 16 and arrive in New York at the end of June. Their return at present is necessitated to place their youngest son in a specialized school. They report that circulation of the African magazine is increasing steadily each month and work progresses in the actual teaching, the village work, the counseling with students, and the administration of the school in Nigeria. The Wyllies work under the Sudan Interior Mission.

Furlough Plans

Hazel (Waller '43) Carlson with her husband and three daughters returned last February from Thailand. They have been living in Victoria, B.C. They anticipate a trip to Lancaster, Pa., and other eastern points this summer and will probably delay their return to the field for about six months for the benefit of further improvement to Hazel's health.
